MESSAGE FROM THE EXECUTIVE DIRECTOR

We are pleased to provide Health in Common's 2018-19 Annual Report.

During the year, Health in Common closed 26 projects, received 56 requests for service and completed 35 project intakes – exceeding annual targets. Of the 30 MOUs signed, 58% were with organizations outside of community health and 44% were with organizations providing service beyond Winnipeg.

In alignment with 57% of requests for service coming from repeat clients, 67% of clients rate the quality of services as very high; 33% as high. Ability to use deliverables was rated very high by 67% and high by 33% of clients.

Through the January pro bono application process, Health in Common had the opportunity to support evaluation for Resource Assistance for Youth (RaY), Abilities MB and Palliative Manitoba, and work with the Green Action Centre to develop a new strategic plan. In the December intake, successful applications were from West Broadway Community Services, Sex Workers of Winnipeg Action Coalition (SWWAC) and the Manitoba Association of Women's Shelters (MAWS) for strategic planning.

Thank you to the Board of Directors who continue to guide the organization – that you choose to volunteer your time with Health in Common is greatly appreciated. And finally to Sara, Erin, Cassie, Andrew and Bohdanna – thank you for continuing to 'show-up' for each other and the people we provide service to. You make Health in Common the organization it has become.

OUR VALUES

We adapt.

We respect different perspectives and experiences. Our role is to listen, learn and create a process that works for our client.

We are dependable.

We hold up our end of the bargain. We understand that delivering on commitments builds trust – and that trust is part of any healthy working relationship.

We ask questions.

We think strategically and ask relevant questions. We value giving and receiving feedback.

We make it simple.

We believe that less is often more. We make sure our services add value, and are useable.

We are better together.

We learn and deliver as a team. We know our collective strengths make us better.

2018– 2021

Vision

Effective and Strategic Organizations that
Build Stronger Communities

Mission

Strengthen Impact through Planning and Evaluation

Goals

- 1.** HiC provides quality planning and evaluation services
 - 2.** HiC strengthens planning and evaluation culture and capacity
