Message from the Executive Director —

Health in Common is pleased to present our 2016-17 Annual Report.

As the need for accountability and measuring impact increases, Health in Common continues to support public sector planning and evaluation - ensuring frameworks and plans are implemented, meaningful data is collected, and learnings and recommendations are utilized.

Within the public sector, Health in Common signed 52 fee for service contracts, with 67 service requests and 59 project intakes.

In the first year of Health in Common's pro bono application process, the Board of Directors was pleased to approve applications submitted by the Stroke Recovery Association of Manitoba, West Central Women's Resource Centre, West Central Community Program, North Point Douglas Community Centre, Social Planning Council of Winnipeg, Agape Table and Sunshine House.

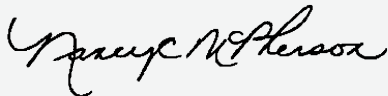

Internally, strengthening the quality and consistency of our services and re-branding our communication materials were priorities.

We would like to thank the Board of Directors for their perspectives and experience that provide consistent leadership and ongoing opportunities for organizational reflection. Their time and contribution is greatly appreciated.

Finally, the annual report would not be complete without acknowledging Sara, Bo, Erin, Monica, Reashelle and Dan for providing a service that is valued and respected.

Cathy Steven
Executive Director

Nancy McPherson
Board Chair

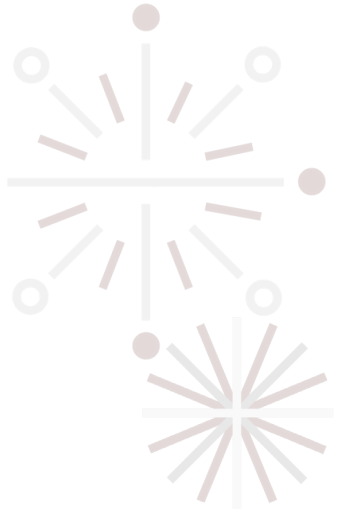

2017 by the Numbers

67 service requests

59 project intakes

52 new MOUs signed

220 organizations engaged in our services.

Imagine Canada Accredited

In 2016, we became accredited under Imagine Canada's national Standards Program.

The program is a Canada-wide set of shared standards for charities and nonprofits, designed to strengthen practices in five fundamental areas: board governance; financial accountability and transparency; fundraising; staff management; and volunteer involvement.

The Big Picture —

Mission

Connecting People through Planning and Evaluation

Vision

Healthy Sustainable Communities

Values

We adapt.

We respect different perspectives and experiences. Our role is to listen, learn and create a process that works for our client.

We are dependable.

We hold up our end of the bargain. We understand that delivering on commitments builds trust – and that trust is part of any healthy working relationship.

We ask questions.

We think strategically and ask relevant questions. We value giving and receiving feedback.

We make it simple.

We believe that less is often more. We make sure our services add value, and are useable.

We are better together.

We learn and deliver as a team. We know our collective strengths make us better.
